THE COMING SEASON.

Activity at the Hotels-Preparations for n Large Number of Guests. The near approach of the extra session of the Senate and the prospect of an unusual influx of visitors during the Yorktown Centennial has infored a spirit of carnest activity into the various hotels of the city, and preparations for the season are being pushed forward rapidly. Willard's will every man, woman, and child in Baltimore apbe opened to-day. Puring the past summer this famous caravansary has been closed for a will. The greatest enthusiasm prevails, and this thorough and extended system of repairs. The week there will be such a flood of decorations set looky has been remodeled, the office moved back to the north side, so as to give ample room for the crowd that nightly congregates there during the season, and the whole house renovated and decorated in the richest current style. Colonel that could have been done that has not been done Joe Cook is satisfied that he has left nothing un-done to add to the comfort and pleasurs of his guests. The Riggs House has been thoroughly renovated and relitted, and is in a better condition than ever before. The frescoing and painting are complete and artistic, and arrangements have been perfected for further extending the electric lights in the house. C. W. Spofford, the genini host, will be aided in doing the honors by Messrs, J. T. Stover, George DeShields, John J. Rae, and George II. Leech.

George DeShields, John J. Rae, and George H. Leech.

C. C. Willard, esq., has given the Ebblit the usual thorough summer overhauling, and the workmen are now busy putting on the finishing tooches. A heavy winters business is expected, and every precaution has been taken to prepare for it. In the office H. C. Burch, George N. Stranahan, and B. W. Frazier will hold forth with all the additional force that the senson may demand.

The down-town hotels are also hard at work. At the National Colonel Tenney and Mr. Crosby are rushing their preparations to receive the crowd that always seeks this historic house. Their establishment at the Fauquier White Sulphur Springs will be closed to-day, and the whole force recalled to Washington to assist in the renovation and restring that has been going on for some weeks past. The following gentlemen will be found in the effice to welcome guests this season: Thomas H. Harbin, L. L. Britton, Charles W. Clark, and Perry Igenson.

It will mark the introduction Monday morning promises to be as unique as it will be beautiful. It will mark the introduction of water into the city from the new works, and at a given signal will spring forth in majestic fountains. Immediately following the city will extend formal welcome to the French visitors, and then will gome a grand parade of military, fire, and civic organization, numbered among which will be several from this city. Tuesday afternoon the noted Glimore's Band, of New York, will make the air melodious in and about Monument Square, the concert by this superborganization promising to be one of rare enjoyment. At night comes the gorgeous Oriole pageant, and such a glorious night it will be. Fully three miles of glittering splendor, led by Glimore's Banid and centered by the Marine Band. It will be a dazding spectacle, incomparably the finest thing in the mard; gras line ever seen in the country. Wednesday afternoon there is to be an athelic tournament of the most extensive character, and in which will participate many well-known Washington representatives. At night brilliant display of freworks. An immense amphilheatre will be crected about the lake, and as American and Japanese manufacturers of fireworks will enter into the liveliest rivalry there will be something to remember for years. Later on in the evening to remember for pears. Later on in the evening the grand and spacious Academy of Music will be the centre of attraction, and the ball and banquet will be memorable events. The Baltimore and Ohio is already preparing its schedule of special trains for the Crole, and the people of this city may rest assured of the most ample facilities for visiting Baltimore during the three days. With its double track, than which there is no better in the world, its great equipment and the thorough system with which Master of Transportation Clements handles a rush of busitees, special trains can be run every half hour if need be.

I will let you know by dispatch if all is right as soon as I receive said articles. You will please dispatch as soon as you receive this and let me know if you have received a like amount from Mr. Murray as torfelt. The said race to take place on the Potomic at your city. Respectfully.

WILLIAM BRICELAND, 2725 Wetzel street. Wheeling, W. Va. A dispatch has been received from Mr. Murray

A dispatch has been received from Mr. Murray stating that he has forwarded a check, but his letter has not yet come to hand. It is hoped that the articles of agreement will be eventually satisfac-tory and that the race will take place. There is no course better than can be found on the Potono course better than can be found on the Potomae, and the action of these two scullers will no doubt be followed by other carsmen and boat clubs. THE REFURLICAN SUGGESTED SOME time ago that an effort should be made to have the Hanlan-Ross race rowed here, and if the proper exertion had been made that could have been accomplished. In connection with this Murray-Briceland race why cannot our local clubs have their single-scull race for the CHAMPION-HIP OF THE DISTRICT take place at the same time? It would add to the

championship of the district
take place at the same time? It would add to the
interest of the occasion. This race has been talked
of for some time and money sufficient to scenre its
success has already been subscribed. Two landsome prizes will be offered. The gentlemen who
have already entered are Morgan, McKinney, T.
L. Cropley, Coughlan, Hollister, and Harrison, of
the Potomac Club; Lake, Moore, and De Ronceray, of the Columbia: Kimball, of the Analistang
S. Mankin and Laing, and it is hoped that Bailey,
Roberts, White, Eddy Brace, and Pairo will also
be in the race.

PRACTICE SHOOTING. Record of the Active Team of the Union

Veteran Corps. The record of the active team of the Union Veteran Corps at their shooting practice Saturday at the Anneostia Range, at 200 yards off-

hand, was as follows:

THE MICROTOME.

A New and Useful Invention by Professor Taylor. Professor Taylor, the microscopist of the Agricultural Department, has perfected an invenion which will be of great assistance in micro copleal work. In securing sections from animal tissues it is necessary to freeze the tissue in order to secure perfect sections. The apparatus called the microtome, which is used for this purpose, is kept filled with other, and the tissue spread upon the wax surface is gradually hardened into a frozen state. Owing to the rapidity with which the other evaporates, the freezing process frequently requires an hour's time, and then does not accomplish it satisfactorily. Professor Taylor's invention consists in filling a tank with crushed lee and salt, which is suspended above the microtome. The water from the melted lee runs down and fills the spaces in the interotome, and an outlet below allows the water to run off, so that, which out any labor on the part of the experimenter, the cooling agent is kept constantly reinforced. The tissue is rapidly frozen, and kept in this condition as long as may be desired. kept filled with ether, and the tissue spread upon

works and Illuminations. Saturday evening the committee on fire works and fluminations held a meeting at the city post-office, Colonel D. B. Ainger chairman and city post-office, Colonel D. B. Ainger chairman and Mr. Lawrence Gardner secretary. It was determined to suspend electric lights on Pennsylvania avenue between the Capitol and Treasury Department, and \$3,000 worth of fireworks were recommended. Four thousand dollars will cover the expenses of this committee. In addition to the usual pyrotechnic display of rockets, mines, wheels, bombs, &c., there will be probably three set pieces, the first representing the Goddess of Liberty standing between peace and war; the second, Washington and Lafayette, set forth in two medallions, and the third representing the late President James A. Garfield.

Patomac Fruit Growers Incorporated. There was filed in the office of the Re corder of Deeds Saturday a certificate of incor-poration of the Potomac Fruit Growers' Improve ment Company. The objects of the association among others, are the establishment somewher on the Potemac of a suitable place for the scientifi rsising and propagation of fruits, flowers, and arricultural products, and also for a summer resort, with bathing and boating facilities, de. The capital stock is placed at \$25,009, in shares of \$35. The following trustees are usumed: J. R. Trembly, S. Dozmer, W. H. Main, S. A. H. McKim, Dr. E. P. Howland, J. Orville Johnson, James B. Philp, N. W. Pierson, and Samuel C. Mills.

Mr. Franklin Philp, Esq. cading merchant in Washington (of Philp & Sol-mons)—a generous host and a gentleman always is now with his family, consisting of wife, daugh is now with his family, consisting of wife, daughter, and twelve-months-old granddaughter-the joy of the household-residing in London, Eng. Mr. Philp is as cordial in his welcome of American friends as used to characterize his greeting of feitlow-countrymen in their visit to Washington in the days when his elegant mansion here was open for their-and all his friends-reception and good cheer. Mr. Philp holds an important position in a medical bureau of the British government.

Annual Regatta of the Analostans. The Analostan Boat Club decided eir meeting Saturday night to hold the annua their meeting Saturday night to hold the annual fall regatta next Saturday afternoon. There will be a four-oared race of three erous, which will be selected by Messrs, W. A. McKenney, Richard Parlo, and Rush Marshall. McKenney's crow will row in the Undine, with Mr. Eugene Morgan as alroke. Mr. Parlo will man the Lynden, with Mr. Samuel Maddox as stroke, and Mr. Marshall will have the new cedar scull, with Mr. F. W. Eddy as stroke. The programmae will ischade other races equally interesting.

A Bloody Fight,

Between half-past two and three o'clock storday afternoon a brutal fight occurred in the main walk of the west Capitol park between a number of drunken marines. It was a stand-up, knock-down, and drag-out encounter, and was witnessed by a large number of people. A number of Capitol polermen were at the Capitol discussing politics, but none of them put in an appearance to stop the row. A lazier set of officials cannot be found in the Government service.

THE DISTRICT COMMISSIONERS. arrent Transactions in the Various Di

trict Departments. Building permits have been granted to Mrs. M. Robbins, Latreet, between Twelfth and Thirteenth streets northwest, two-story dwelling, \$2,500; Pettit & Dripp, repairs to Nos. 1446 and 1445 Pierce street, \$2,500, and H. M. Chap-pel, H street, between Ninth and Tenth streets northeast, brick building for office purposes, \$400. The Commissioners have suspended the contractors, Messrs, Hunter & Fletcher, from completing the south wing of the Georgetown marke as they have failed to comply with the terms of their contracts. Luckily very fittle remains to be done, and this the Inspector of Buildings will look after and charge the expense to the failing ontractors.

Treasurer Dodge Saturday received the taxes dus pon parsonages since July, 1874, from a number f churches, by which a remission was obtained f all interest, penatites, and costs incurred prior

of churches, by which a remission was obtained of all interest, penalites, and costs incurred prior to that time.

The inspector of buildings has submitted to the Commissioners the result of his investigation as to the cause of the falling in of the warehouse of Messrs, Barhour & Hamilton. He found that the centre of the building was supported on a line of five columns on each floor, the lower columns resting on a fourteen-inch brick foundation. The weight of building materials and the merchandles in the building amounted to one hundred and seventy-four tons, an average of fourteen and a half tons on each column. The ends of the columns not being properly faced their capacity was only about twelve tons, and as the merchandles of storage was not equally distributed line columns on the first floor gave away.

The building operations in the District during Soptember, as given in the report of the Inspector of Buildings, show that thirty-nine new buildings were erected, 120 buildings were repaired, and twelve lineal feet of vauiting were constructed.

The Surveyor of the District, in his annual proport of the work of his department, shows that surveys were made for 56 streets, roads, and alleys, and reports were furnished on 12 miscellaneous subjects. The estimates of expenses for the next facel year are placed at \$4,500.

NEW YORK REPUBLICAN ASSOCIATION

NEW YORK REPUBLICAN ASSOCIATION Resolutions of Confidence in the Admin-

istration of President Arthur, The New York Republican Association held their regular monthly meeting at St. George's Hall, No. 510 Eleventh street northwest, on Satur-day evening, Hon. A. M. Clapp in the chair, G. V.

day evening. Hon. A. M. Clapp in the chair, G. V. N. Ogden, secretary. After reports from the officers and the several committees, and the routine business of the association had been transacted, Mr. J. L. Lake offered the following resolutions, which were unanimously adopted:

Resolved. That while we sincerely and deeply mourn the unprovided and cruci assassination of our beloved Chief Magistrate. James A. Garifett, and will ever cherish his memory and strive to crudate his victues, we are nevertheless not unmindhit of the dattespressing upon every citizen, and look back upon our action with satisfaction and pride, remembering that when we east our suffrages tor our chesses out that the resolution of the Nation we also voted for a Vice President who is entirely worthy to succeed to the highest and most honorable office known to man-kills.

ad, "exadered, That we have the most implicit confid-the ability, integrity, and pairiotism of Chest-thur. President of the United States, and that e d chilten ought to render him the same cordial arry support that was accorded to his illustrated to the state of the state of the same cordial. hearty support that was accorded to his illustrious predecessor. That it is the earnest hope and confident belief of the members of the New York association that under the wise, just, and liberal administration of President Arthur the friends of faw and order and of humanity will be united in one harmonious and grand purpose to establish peace throughout the land and to protect every citizen, however humble, is the enjoyment of all bis rights, thereby insuring prosperity and happiness to all the people.

The transportation committee reported that they expected to have arrangements completed for reduced fares during the coming week particulars of which will be advertised in The National Republication. The association adjourned to meet on Saturday, October 16, next.

Women's Christian Temperance The memorial service conducted by the Women's Christian Temperance Union in Maonic Hall yesterday afternoon was largely at-caded. Rev. McKendree Relly made the open-ng prayer. Mrs. Roach, President of the District mion, presided, and after reading the Scriptures made a very touching address in regard to the late President's suffering and death, his social and do-President's suffering and death, his social and do-mestic life, the courtesy and kindness shown by him and Mrs. Garfield to Miss Willard as the rep-resentative of the temperance women or the land, and the deep affliction and herole fortitude of the bereaved mother, wife, and children. Mrs. Lydia Tilton read an original poem very acceptably en-titled "The Nation's Prayer." referring to the prayers for our late President's recovery. The singing was led by a number of the young ladies of the union wearing mourning badges. The pulpit was covered with a large flag, and had a portrait of Mr. Garfield in part of It, all appropri-ately diarnet, Benediction was pronounced by Rev. Franklin Noble.

The Dashaway Reform Club. The regular Sunday evening meeting of this well-known temperance club was held last evening in Lincoln Hall, and, although the weather was warm, the hall was well filled with an intelligent and appreciative audience. Upon the platform were seated the president of the club, H. B. Moulton, Charles M. Nye, George M. Fillmore, W. D. Mack, Chaplain Dennison, Rev. Mr. Gonsalves, chaplain United Slates army, and Mr. and Mrs. George Gallihen, who conducted the singing, which at different stages of the meeting interspersed the exercises. The president, in a few brief remarks, opened the exercises, concluding by earnestly requesting all who were interested in temperance to withhold their signatures from pelitions for Higure Heenses. The next speaker was Charles M. Nye, who made one of his inimitable speeches, such as he alone can make, and for half an hour he held the close attention of every one present. Dr. Frank White recited in fine style "Over the Hills from the Poor-House." A large number of signatures were added to the pledge. H. B. Moulton, Charles M. Nye, George M.
